Forensic Community Data 1

 Examining Community Data 1

Forensic Community Data

Use the Community page to show the number of communities in your Cloud Secure environment and identify entities that have been accessed in your environment.

Examining Community Data

Click **Forensic** > **Community** to access the Community page. Use this page to understand the following:

- The number of communities in your environment and each community name.
- Alerts that have been raised against any activities in the community.
- The number of users that are members of each community with a link to the [Forensic User Page](#) with a list of community members.
- The entities count for each community with a link to the [Forensic Entity View](#).
